

# Cameron Kincer

Fort Wayne, IN 46807 O camkincer@gmail.com

## OBJECTIVE

Aspiring cybersecurity student with a strong networking foundation, seeking a security analyst internship. Passionate about security digital environments, identifying threats, and contributing to data protection. Committed to learning and adapting to emerging technologies.

## EDUCATION

### Indiana Institute of Technology

Bachelor of Science in Cyber Security, GPA: 3.56

Expected Graduation: May 2024

### Cyber Academy, Ivy Tech Community College

Associate in Cybersecurity/Information Assurance, GPA: 3.6

Graduation: July 2021

## CERTIFICATION

### CompTIA Network+

May 2021

- Certification covering topics such as networking concepts, infrastructure, network operations, security, troubleshooting steps and tools, virtualization and cloud concepts, network administration, policies and procedures, and risk management.

## EXPERIENCE

### Systems Administrator Intern

Jul 2023 - Present

#### Pinnacle Technology Solutions

- Managed the computers, servers, and networking equipment for a wide range of clients, from healthcare to learning centers.
- Conducted onboarding procedures for new employees, which involved configuring their computers to company standards.
- Created essential objects in Active Directory to facilitate secure access and permissions.
- Ensured seamless login access to required programs for new employees during their orientation process.

### Cyber Patriot Camp Counselor

Jun 2023 – Jul 2023

#### Indiana Institute of Technology

- Provided comprehensive instruction to students, covering cybersecurity and networking fundamentals.
- Implemented engaging activities to reinforce students' comprehension of the subject matter.
- Fostered a collaborative learning environment, encouraging active participation and hands-on experience.

### Security Operations Center Operator

Aug 2021 – Jul 2022

#### Circle K

- Monitored the DMP alarm systems for over 1,000 stores across the United States and Canada.
- Dispatched emergency services for burglary and panic alarms that were set off and wrote up detailed reports for incidents that occurred.
- Created tickets using ServiceNow to dispatch maintenance personnel to malfunctioning alarm systems and cameras.

### IT Intern

Feb 2021 – May 2021

#### Premier Ag Co-Op

- Spearheaded the migration of 40 company computers, transitioning them from Windows 7 to Windows 10 operating systems.
- Actively engaged with the Freshdesk platform, shadowing and assisting IT professionals in swiftly resolving employee-reported issues within the company.
- Assisted in the documentation and organization of IT inventory, ensuring efficient tracking and management of hardware and software assets.
